

HAILEY'S LAW

in honor of Hailey Paige Buzbee

We call on lawmakers to pass a comprehensive safety package, otherwise known as "**Hailey's Law**"

Pink Alert System: A risk-based missing persons alert and coordinated digital response framework designed to modernize how communities, law enforcement, and the public respond to missing persons cases.

Online Predator Awareness: An educational mandate requiring schools to teach students about the dangers and coercive tactics of online grooming, exploitation and digital manipulation.
